

According to MCC Dean of Student and Enrollment Services Debra Alexander, bringing together all of these areas in one location is intended to simplify the user experience for potential and current students.

“Traditionally, our services have been in different buildings on our main campus. This was often confusing for our students,” Alexander said. “The new one-stop center will allow us to serve our students with greater effectiveness.”

- **Academic counseling and advising** helps students navigate the college environment and their degree program requirements.
- For students who are undecided about their course of study, a **Career Services** appointment can help provide resources and support. MCC's Career Services is designed to help students choose a field of study that best suits their interests and personality, leading to employment and career satisfaction. In addition to scheduling a career advising session, students can utilize our online career exploration links, personality assessments and job boards.
